

# **Griffin William Hongo (RESUME)**

*Box 7824-40100, Kisumu | williamghongo@gmail.com | Tel: (254) 740719552*

## ***Professional Summary***

I am a Bachelor of Business Information Technology (BBIT) graduate with hands-on experience in IT support and network infrastructure maintenance. I also have practical expertise in end-user support, web administration, help desk operations, and server room management gained during an attachment at Kisumu County's Department of Finance, Economic Planning, and ICT. Proficient in troubleshooting IT issues, programming, database management, and reporting. Committed to delivering effective and innovative technical solutions.

---

## ***Experience***

### **Attachment as an Attachee - May 2023 – August 2023**

*Department of Finance, Economic Planning, and ICT (E-Government Services),  
Kisumu County*

Supported and maintained network infrastructure, including configuring and troubleshooting routers, switches, and access points to ensure reliable connectivity.

- Delivered end-user support, resolving hardware, software, and network issues for government staff.
- Operated help desk systems, resolving technical inquiries efficiently and documenting resolutions for continuous improvement.
- Worked closely with senior staff to document and streamline IT processes, enhancing system efficiency.
- Prepared technical reports on system performance, troubleshooting activities, and improvement recommendations.

## ***Research work***

### **Book Recommendation System – Final Year Project**

*Kabarak University | September 2023 – March*

I developed a personalized book recommendation system by leveraging machine learning and natural language processing (NLP) techniques. This involved implementing both collaborative and content-based filtering methods to provide tailored book suggestions for users.

The project included processing and analyzing extensive datasets comprising book metadata and user interaction patterns, optimizing the system's performance for a diverse range of readers. To enhance user experience, I created an intuitive and user-friendly interface for seamless interaction and engagement with the recommendations.

---

### ***Critical Skills & Knowledge***

- **Networking Infrastructure Support:** Skilled in maintaining and troubleshooting network devices and access points ensuring seamless connectivity.
- **Programming:** Proficient in JavaScript and web development basics
- **IT Support/End-User Support:** Troubleshooting hardware, software, and networks. Experienced in diagnosing and resolving technical issues for users, providing clear communication and efficient solutions.
- **Web Administration:** Supported the management and maintenance of websites, ensuring content updates and site functionality.
- **Help Desk Operations:** Proficient in using ticketing systems to manage and resolve IT support requests, enhancing service delivery.
- **Reporting Techniques:** Prepared and documented detailed reports on system performance, incident management, and technical processes.
- **Technical Tools:** Familiarity with IoT systems and basic hardware setup.
- **Graphic Designing:** Experience designing game posters for Kabarak Rugby Team, brochures, and posters for part-time ventures.

## ***Academic Qualifications***

### **Bachelor of Business Information Technology (B.B.I.T.) – DEGREE**

Kabarak University, Nakuru | 2020 – 2024

### **Kenya Certificate of Secondary Education (KCSE)**

Maseno School, Kisumu | 2019

### **Kenya Certificate of Primary Education (KCPE)**

CITAM Academy, Kisumu | 2015

---

## ***Professional Courses***

- Cisco CCNA 1, 2, and 3
  - Cisco Introduction to Cybersecurity
  - Cisco Computer Hardware Basics (Badge)
  - Cisco Introduction to IoT (Badge)
  - Standards of Training, Certification, and Watchkeeping (STCW): Bandari Maritime Academy, Mombasa (September 2024)
- 

## ***Leadership Skills***

### **Rugby Captain**

Kabarak University, Kenya | 2023 – 2024 Season

- Ensured proper activities are undertaken for the University Rugby team to regional competitions, fostering teamwork and discipline.
  - Coordinated training schedules and served as a mentor to team members, enhancing overall performance.
- 

## ***Awards***

Best overall student for KCPE at CITAM Kisumu for the year under examination

---

## ***Hobbies and Interests***

- **Sports:** Active participant in rugby.
  - **Cybersecurity:** Passionate about learning new techniques and tools in the field to protect IT systems from threats.
  - **Continuous Learning:** Enthusiastic about exploring emerging technologies and reading novels.
  - **Creative Design:** Designing promotional materials like posters and brochures for various purposes.
  - **Music** when applicable
- 

## ***Languages***

- **English:** Fluent -written and spoken
  - **Swahili:** Fluent – written and spoken
- 

## ***Referees***

### **Wayne Oduor**

Head of IT Wego Publishers  
Nairobi County  
Tel. (254)796756596

### **Stephen Agalo**

Deputy Director ICT  
Kisumu County  
Tel. (254)751589201

## KABARAK UNIVERSITY

*This is to certify that*

**Hongo Griffin William**

upon satisfying all the requirements, and on the  
recommendation of Senate, is hereby conferred the degree of

**Bachelor of Business Information  
Technology  
Second Class Honours (Lower Division)**

with all the honours, rights and privileges appertaining to this  
degree at the Twentieth Congregation held at this University on the  
Twentieth Day of December Two Thousand and Twenty Four

Vice Chancellor

Deputy Vice Chancellor  
(Academic and Research)

## CCNAv7: Introduction to Networks

The student has successfully achieved student level credential for completing CCNAv7: Introduction to Networks course administered by the undersigned instructor. The student was able to proficiently:

- Configure switches and end devices to provide access to local and remote network resources.
- Explain how physical and data link layer protocols support the operation of Ethernet in a switched network.
- Configure routers to enable end-to-end connectivity between remote devices.
- Create IPv4 and IPv6 addressing schemes and verify network connectivity between devices
- Explain how the upper layers of the OSI model support network applications.
- Configure a small network with security best practices.
- Troubleshoot connectivity in a small network.

## CCNAv7: Switching, Routing, and Wireless Essentials

The student has successfully achieved student level credential for completing CCNAv7: Switching, Routing, and Wireless Essentials course administered by the undersigned instructor. The student was able to proficiently:

- Configure VLANs and Inter-VLAN routing applying security best practices.
- Troubleshoot inter-VLAN routing on Layer 3 devices.
- Configure redundancy on a switched network using STP and EtherChannel.
- Troubleshoot EtherChannel on switched networks.
- Explain how to support available and reliable networks using dynamic addressing and first-hop redundancy protocols.
- Configure dynamic address allocation in IPv6 networks.
- Configure WLANs using a WLC and L2 security best practices.
- Configure switch security to mitigate LAN attacks.
- Configure IPv4 and IPv6 static routing on routers.

## CCNAv7: Enterprise Networking, Security, and Automation

The student has successfully achieved student level credential for completing CCNAv7: Enterprise Networking, Security, and Automation course administered by the undersigned instructor. The student was able to proficiently:

- Configure single-area OSPFv2 in both point-to-point and multiaccess networks.
- Explain how to mitigate threats and enhance network security using access control lists and security best practices.
- Implement standard IPv4 ACLs to filter traffic and secure administrative access.
- Configure NAT services on the edge router to provide IPv4 address scalability.
- Explain techniques to provide address scalability and secure remote access for WANs.
- Explain how to optimize, monitor, and troubleshoot scalable network architectures.
- Explain how networking devices implement QoS.
- Implement protocols to manage the network.
- Explain how technologies such as virtualization, software defined networking, and automation affect evolving networks.

## Introduction to Cybersecurity

For completing the Cisco Networking Academy® Introduction to Cybersecurity course, and demonstrating the ability to explain the following:

- Global implications of cyber threats
- Ways in which networks are vulnerable to attack
- Impact of cyber-attacks on industries
- Cisco's approach to threat detection and defense
- Why cybersecurity is a growing profession
- Opportunities available for pursuing network security certifications
